About FoodShare Toronto

FoodShare is a food justice organization, advocating for the right to food, and working to challenge the systemic barriers that keep people from accessing the food they need to thrive. We support community-led food initiatives and work alongside communities most affected by poverty and food insecurity: Black and Indigenous people, people of colour, people with disabilities, and folks living on a low income. Whether it is supporting urban farms, subsidizing local produce markets or coordinating community kitchens, all of our work is about folks accessing food on their own terms.
